Acknowledgments

Manitou. Inc. wishes to acknowledge those individuals who were involved in completing this report. A report of this type, especially one involving five organizations, requires considerable coordination and collaboration. We are pleased to have received just such cooperation from the fire district commissioners, line officers, and members of the five fire districts serving the Town of Bethlehem and parts of New Scotland and Guilderland. The findings of this report are solely those of Manitou. Inc. and do not necessarily represent the opinions of the participating organizations.

Special thanks go to:
